Programing 118

<div align="center">Lab 10</div>

```
List of CPU times:

amount*1000| initial | final
———————————|—————————|—————————
      1000 | 0.005941| 0.008989
      2000 | 0.00911 | 0.019971
      5000 | 0.018798| 0.081028
     10000 | 0.034763| 0.273655
     20000 | 0.067439| 1.02328
    500000 | 0.162829| 6.08857
    100000 | 0.323261| 25.9875
```

The sorting method used has an exponential growth of roughly N^2.
